DAY WITH OUR
SERVICES

ABOUT US

RHS Engineering Services (Pvt) Ltd is

Engineering service Providing Company In power generation industry,
that enjoys years of experience and services with reputed brands and customers.

RHS Engineering Services continues to grow as leading service provider through its comprehensive approach and sound adaptability with evolving technology. RHS Engineering Services is focusing its operation since 2015 in South region.

Mission, Vision & Mainfesto

To sustain and nurture stragetic service partner and relationship with trend seting vendors and operators by providing quality services in optimum cost for manually benefical and productive outcome bilaterally.

CORE VALUES

RHS believes itself to be driven by it core value.

customer focus.

adaptability.

integrity.

objectivity.

excellence in quality.

GENERATOR REPAIR/MAINTENANCE SERVICES

We Provide Following Rental Services (Cost with Terms and condition will be apply)

A

Operation and Maintenance at Site

B

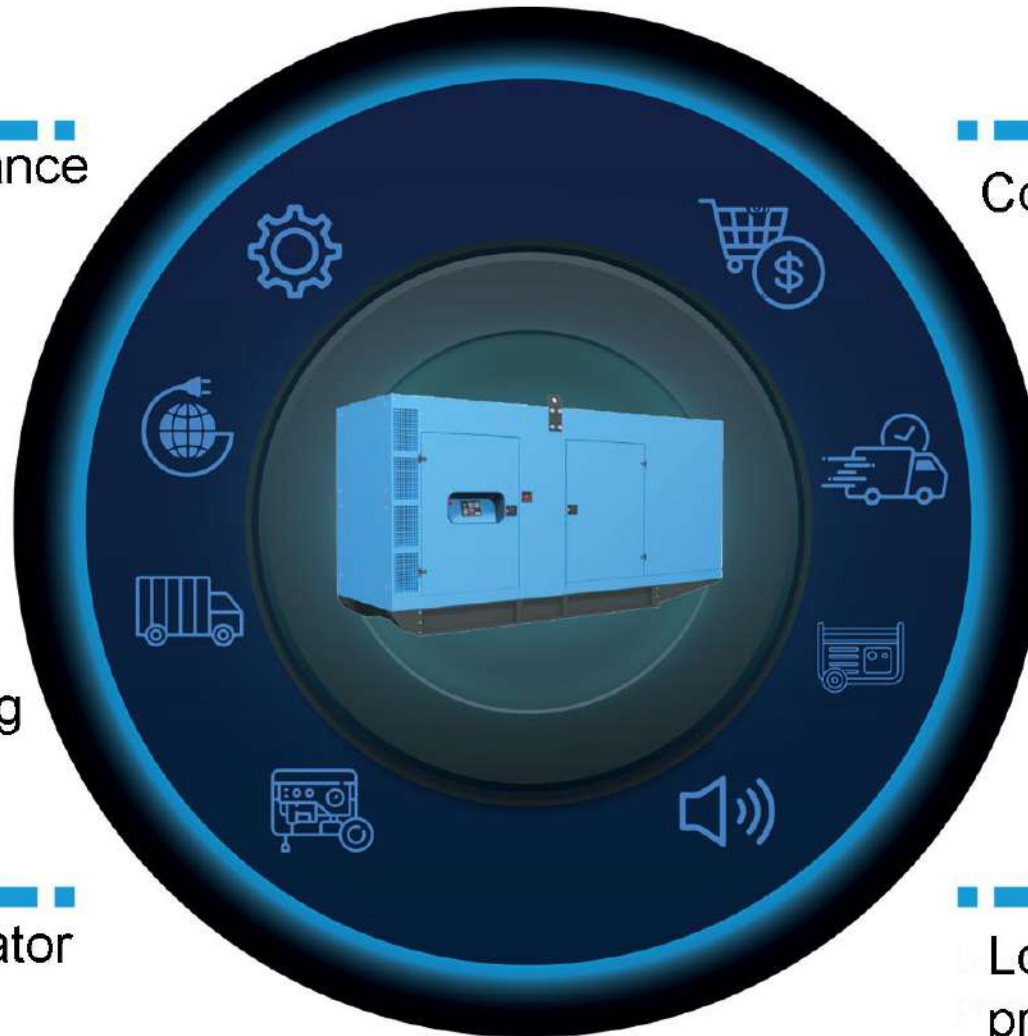

Cabling and Earthing

C

Transportation & Loading Procedure

D

We Also provide generator on rent in karachi

E

Competitive Market Price

F

Short time Genset delivery at site

G

Provide slightly used Diesel Generator

H

Low Noise with sound proof canopy

WHY CHOOSE US?

- We undertake maintenance work on contract basis
- Pocket friendly charges
- Support of experienced mechanical and electrical engineers
- Conduct timely inspections
- Round the clock support

SERVICES WE PROVIDE

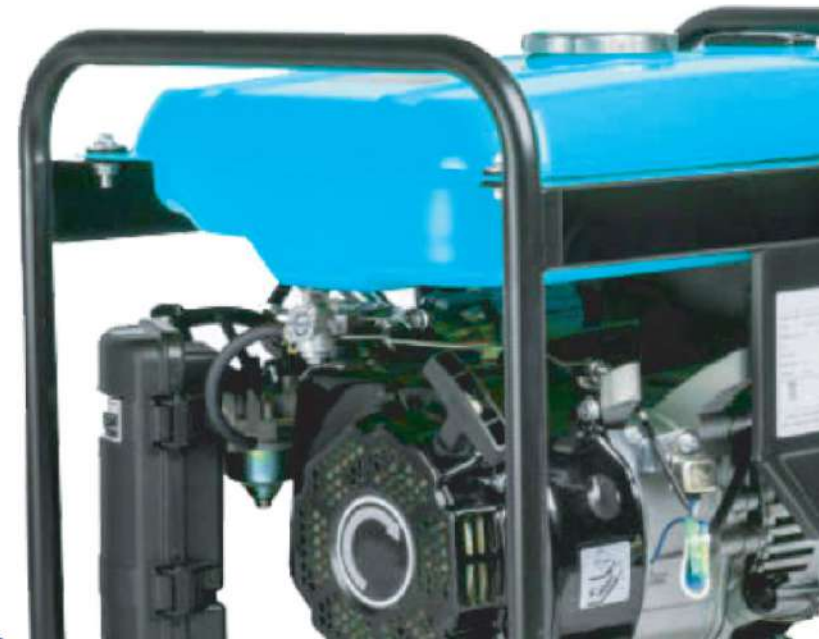

- Annual maintenance of generator
- Repair or replace damage parts
- Check its efficiency on various parameters
- Ensure prolonged performance
- Make sure that they work properly

WE PROVIDE FASTEST SERVICES

we provided fastest services in these cities

- KARACHI
- Hyderabad
- Sukkur
- Larkana
- Nawabshah
- Multan
- Lahore
- Islamabad
- Quetta

GENERATORS

WIDERANGE OF COMMERCIAL
& PORTABLE GENERATORS

PORTABLE 1 KVA TO 14 KVA GAS AND
GASOLINE & DIESEL GENERATOR
From 15KVA to 2.2MW POWERED BY
CUMMINS,PERKINS,YD,BAUDOUIN.

- Diesel Generators
- Portable Generators
- Turnkey Installation
- Rental
- Overhauling
- New DG
- ATS

SOLARS

On Grid/ Grid Tied Solar Solution

1kw 40kw

EATAN APC 600VA (UPS+BATTERY)
250KV 20 MINUTES BACKUP

On-Grid Systems are solar PV systems that only generate power when the utility power grid is available. They can send excess power generated back to the grid when you are overproducing so you credit it for later use.

Benefits:

- Energy Saving up to 30%
- Stabilize voltage
- Motor Speed Control
- Increased motor lifespan
- Generator Rating Advantage
- Low fuel consumption of Generator
- Motor Protection
- Motor Torque control
- 50/60Hz Operation

AUTOMATION OF GENERATORS

Financial institutions have a more demanding power supply. The power for banks allow absolutely no interruption and must be provided in a super silent way. To meet the demanding requirements, the power generators must have excellent performance: also AMF & ATS systems are required.

Whole set product and turn key solution helps customer use the machine and maintain easily without much technical knowledge.

The control system has AMF/ATS function, which can auto start or stop the machine in an emergency condition the machine will alarm and stop.

No manpower required to switch the generator on/off.

BATTERIES

ALL RANGE + GREEN AUTOMOBILE

We offer high quality Automobile Batteries which are powered by superior Calcium-Calcium technology. The range is equipped with special rechargeable function that is able to supply electric energy to the automobile. These high performance batteries have a long life owing to their corrosion resistant body. They are appreciated for their durable and efficient performance.

- Dry
- Liquid
- Lithium

INDUSTRIAL EQUIPMENTS

- Motors
- Bearings
- Electro Rods

UPS

- 25 Minutes
- Backup -UPS Pro
- 1000VA UPS & Surge
- Protector (BR1000G)
